Finn Town is happy to custom design menus to meet your specific needs, including suggested seasonal favorites. Executive Chef Steve Dustin entered the dining world in 2001 at the 4 star restaurant Canoe in Atlanta before moving to New York City where he worked at the internationally acclaimed restaurant Bouley and was Executive Chef at the popular gastropub Monument Lane. Before joining Finn Town, he delighted San Francisco diners with his culinary oversight of national award winner Leo's Oyster Bar and

The Cavalier. His colleague in insuring your dining satisfaction is pastry chef Cheryl Storms whose breads, pastries and desserts are made in house to meet her Food Network worthy standards.
